## Schroeders Give Land to Village For Park Site

Former Anderson Acreage On Williams Street is Latest Gift

Gift of several acres of land on Williams street to the village for use as a park was announced Tuesday night by Mr. and Mrs. William Schroeder through Attorney Edward C. Jacob at the village board meeting.

The land has a 400 foot frontage on Williams st and lies back of the Scout house, extending north and east to the creamery. It contains many trees and a pond, and is a valuable adjunct to the village.

Mr. Schroeder, son-in-law of the late C. K. Anderson who gave the village the land for the Scout house, had planned to be present at the meeting of the village board Tuesday evening to announce the presentation, but was called away on business.

He and his family are spending the summer at the Anderson estate on Lake Catherine. Their winter home is in Evanston.

The Schroeders continue to take the same interest in the village as did Mr. Anderson who gave the Scout house as a memorial to his wife. It was Mr. Schroeder's suggestion that caused Mr. Anderson to select the Main st location.

The Williams st property soon to be deeded to the village had been considered as residential area.

The village board passed a resolution voting its thanks to Mr. and Mrs. Schroeder in behalf of the village for the valuable gift.

Improvement of the park will be possible in the future through tax money which has recently been made available to the village. The treasurer's report showed \$1000 in the park fund at present.

## Benjamin R. Seyfarth, Owner of Lake Marie Resort, Dies Suddenly

Benjamin R. Seyfarth, aged 65 years, owner of the Shady Nook resort at Lake Marie, died unexpectedly at noon Tuesday at his home as the result of a heart attack. He had been home but a short time from a hospital where he had been ill a week.

The Antioch Rescue squad attempted to revive Mr. Seyfarth but was unsuccessful.

Born in Blue Island, Ill., Sept. 2, 1883, the son of Herman and Louise Seyfarth, now deceased, Mr. Seyfarth came to this community 29 years ago and had operated the resort since that time. Much of his business was said to be from Blue Island by friends who made the trip not so much to fish and hunt but to visit him and his wife.

Mr. Seyfarth was a member of the Blue Island lodge of Elks No. 1331. Surviving are the wife, a son, Richard B. Seyfarth, of Lake Marie; four brothers, Arthur C., Edwin E., Walter H., and Philip W. Seyfarth, all of Blue Island; and a sister, Mrs. Helen Runkle, of Brookfield, Ill.

The body rested at the Strang funeral home until today when it was taken to the Krueger funeral home at 13050 S. Greenwood ave., Blue Island.

The funeral will be there at 2 p.m. tomorrow (Friday, Aug. 5) with interment in Mt. Greenwood cemetery.

## Wisconsin Auto Agent Fined for Bad Conduct At Hickory Auction Sale

Because, an auctioneer at the Hickory Corner sale barn sold his car for less than the amount he desired while he was away getting a drink, George Bosford, 49, of 2634 N. 60th St., Milwaukee, refused to surrender title to the car Tuesday and protested so vigorously that he was arrested and fined \$10 and costs for disorderly conduct.

Bosford, representing West Allis auto agency, brought a 1947 sedan to the auction expecting to get \$1250, for it. When he returned from a nearby tavern the car had been sold for \$1040.

The auctioneer insisted that Bosford pay the \$15 sales fee and the Milwaukee man refused. The sheriff's office was called and Bosford was taken before Justice of the Peace Hoyt on the disorderly conduct charge.

## V.F.W. Carnival Opens Today at Ackerman Lot; To Run Over Sunday

The carnival sponsored by Sequoit post No. 4551, Veterans of Foreign Wars opened today at the Ackerman lot facing Orchard st., and will continue through Sunday night.

Five rides for the children and plenty of other amusement for the grownups are on hand. There will be matinee prices for the children Saturday and Sunday afternoons.

The VFW auxiliary will be in charge of the food stand.

Warren Edwards, VFW chairman said there will be plenty of parking space.

The profits will be used for maintaining the post and aiding a "buddy" at the Veterans Administration at Downey.

## Sewer, Water Deficit Reveals Low Cost of City Owned Utilities

### Complaint of Open Sewage In Northeast Part of Town Heard

The report of Mrs. Martha Hunter, village treasurer, to the board of trustees Tuesday night that the water and sewer fund is \$1,321.55 in the red revealed that Antioch citizens are getting their services quite cheaply.

A bill in excess of \$500 for repair of one of the two pumps provided the biggest contribution to the deficit, but the trustees were warned that it won't be long before the water tower will have to be painted again to preserve it.

The fund will be out of the red, trustees said if all collections are made. Attention was directed to the fact that the agreement with the Willowdale dairy for the handling of its sewage has not been reached.

The board decided to bill the dairy on the basis of the lowest cost to residential users, the density of the oxygen and bacteria count of sewer considered.

It was estimated that on this basis the dairy will be billed for \$418 a quarter.

### Complaint of Sewage Odors

President George B. Bartlett reported to the board that he had received complaints of odors coming from the area near the Golden Glo dairy and the Regal China Co., where sewage is emptied into the open ground.

"At times when we are threatened with polio and other serious diseases it behoves us to look into this matter and to try and clean it up," he said.

Members of the board suggested that the district office of the state health board at Woodstock be notified and that an engineer be sent to determine who the offenders are.

### Some Favor Utilities

It was said that the firms and residents of the area facing the state line road from the south are more anxious to get sewer and water than those not enough signatures have been obtained. Those on the north side of the roadway are said to disfavor the plan.

A state order, or the declaring of the situation as a nuisance is expected to force action if it does not come voluntarily.

### Funeral for Mrs. Maschka Held Here Last Saturday

Funeral services were held Saturday in Antioch for Mrs. Amelia C. Maschka, 82.

Burial was in Northfield cemetery.

Surviving are a sister, Mrs. Ella Winger, of Canoga Park, Calif., and a brother, Arthur E. Frele, of Chicago. Her husband, Frederick Maschka, three sisters, Mrs. Harriet Gliffe, Mrs. Christena Anderson, and Mrs. Sadie Boudro, and a brother, Theodore Frele preceded her in death.

### Recover From Polio

Ralph Gresens is making a fine recovery from his attack of polio and expects to return home Sunday. The case was discovered in time to begin treatment immediately at St. Therese hospital with the result that none of his limbs was affected. While he was at the hospital there were six other cases among whom were two expectant mothers.

### Mrs. Rosing Recovering

Mrs. William Rosing who was brought home from the hospital last week was able to walk down town Tuesday.

## Quigley and Schneider Low Bidder on Orchard Street Utilities Job

Price is \$12,601.60, Far Under Engineer's Estimate of \$16,000

The firm of Quigley and Schneider of Highland Park was low bidder on the Orchard st. sewer and water project with a price of \$12,601.60. Bids were opened by the village board Tuesday night.

The low bid was nearly \$3000 under the estimate given by the village's consulting engineer David R. Miller.

Other bids were Edward F. Dietz of Grayslake, \$14,541.40, and Kuch and Watson of Lake Forest, \$15,713.23.

The Highland Park firm did not list the price of the five manholes, but it was considered that the cost was included in the pipe.

The contract calls for 828 feet of 8-inch VC pipe; 1,144 linear ft. of 10 inch VC pipe, and 2,104 linear feet of 6-inch CI pipe, together with five hydrants, three gate valves, and five manholes, or catch basins.

The contract price was so reasonable that Barney Naber got permission from the board to put in sewer and water mains of a similar dimension on the 1100 feet past his place. He will try to deal with the same contractor.

Nearly all of the property owners involved in the Orchard st improvement have placed their money in escrow ready for the work to begin. Because the cost is so much less than anticipated everybody seemed satisfied.

The plan has been that if the money is not paid in 100 percent the legal procedure of assessment will be followed, but the direct payment plan has been favored as less costly.

St. Peter's school is anxious that the work be completed before Sept. 1, so that classes can be started on time.

The city will bank the money as trustee using both local banks as depositories.

### Final Plans Made for Kenosha County Fair at Wilmot Starting Aug. 12

**Wilmot (Special)**—When officers, directors and departmental superintendents of the Kenosha county fair met at Wilmot recently reports revealed that two new buildings will be completed for the annual county agricultural exposition. Reports of the various superintendents show that advance entries are far ahead of previous years.

At the meeting a general program of fair attractions and events was mapped out with the three-day outline showing entertainment schedule of the county fair as follows:

Friday, Aug. 12, 8 a.m., Gates to open 9 a.m., all exhibits to be on the grounds, including more than \$200,000. worth of farm machinery and judging of all cattle, sheep and swine, open and junior classes to start with judging of all open and junior class home economics, farm crops, handicraft, flowers, fruits and photography exhibits; 10 a.m., big opening day parade with floats, bands, clowns, horses and marching and musical units (all parade entrants will meet at the Wilmot Dam area at 9:30 a.m., units with horses contacting Fred Baysinger and all others contacting Glen Pacey for line-of-march assignments); 2:45 and 8:30 p.m. free acts at the north end of the enlarged fair grounds, featuring the Walters Duo, tight wire act; Tom and Betty, a high pole performance; Delores and her trained dogs on the stage and the Skylarks, aerialists; 7:30 p.m. horse show at the main grandstand.

Saturday, August 13, 8 a.m. gates to open and judging of junior and open class poultry to start and all other incomplete judging to be finished; 2 p.m. children's parade of doll buggies, bikes, wagons, pets and costumes with entrants meeting at 1:30 at the Wilmot high school; 2:45 and 8:30 p.m. free acts and 7:30 p.m. horse show.

Sunday, Aug. 14. All exhibits on the grounds and the gates to open at 8 a.m., 2 p.m. style review with all junior fair girls modeling clothing which they have made themselves; 2:45 and 8:30 p.m. free acts; and 7:30 p.m. horse show.

### Girls Beat Millburn

The Antioch girls team whipped Millburn in an extra inning game 12 to 14. Millburn used two pitchers with C. Nelson going all the way for Antioch.

The next game will be played here at the grade school, Antioch vs. Millburn Sunday, Aug. 7, 2 p.m., and is promised to be very interesting. The public is invited to see this new Antioch team in action.

## Lake County Fair Opens Today at Libertyville With Record of Exhibits

### Judging Started, Free Acts To Start Tonight, Many Attractions

The Lake county fair opened today at Memorial park, Libertyville, with the biggest display of farm and commercial exhibits it has had in many years.

Poultry which has been absent to day at the fair is being exhibited this year and the livestock exhibit of both the 4-H and adult showmen is better than ever.

The free entertainment comprising a high pole act, a hand balancing act, and a cowboy orchestra will show for the first time this evening and each afternoon and night thereafter until the close of the fair Sunday night.

Highlighting Saturday night's entertainment will be the Lake county rural chorus of more than 50 voices. The chorus made a good showing Sunday at the music festival at Arlington farms and will go to the state fair.

On Friday evening and Sunday afternoon the famous Hawthorne-Melody farms six-horse team will parade. It has won many national awards.

Judging of dairy cattle will start tomorrow and swine, sheep and beef cattle will be judged on Saturday. The arts are being judged today.

The commercial exhibits are attracting much attention and the Public Service Co tent is a big attraction in itself.

The gate admission has been reduced to 50 cents including federal tax. Children under 12 are admitted free.

## Benton-Itner to Head Boxing Card Saturday At Lake County Stadium

Another all star boxing and wrestling show will be featured next Saturday night in the Lake County Stadium in Round Lake Park.

In the main event next Saturday night, Frank Benton, of Long Lake, faces the new sensation Wolf Itner of Oconomowoc, Wis. Both boxers have gained recognition in their particular areas and the show is near for both fighters in supremacy.

Bruce Priebe, highly talented Libertyville boxer meets Don Stewart of Oconomowoc in a punching duel. Don Walker, who has boxed his way to midwest recognition tangies with Ted Bracke, highly noted Arlington Heights fighter.

In still another contest on the show Connie Walker, of Long Lake will face Gale Kirkpatrick, of Waukegan. The opening stanza brings together Don Sonefeld with Gerry Lenard of Mundelein.

In addition to the boxing bouts there will be two wrestling matches featuring the top amateurs of the Chicagoland territory.

**P. O. Sales Down Slightly**

Following the national trend of business the receipts of the Antioch postoffice were down slightly the first six months this year in contrast to the same period last year.

The receipts up to July 1, 1949 were \$15,067.58 as compared with \$16,646.43, a drop of \$978.85 or 6 per cent. Postmaster Roy Kufahl noted. This did not consider the large sale of stamps last year to the operator of a stamp vending machine system.

He doesn't operate the machines this year.

## Mrs. Cora Radke Dies of a Heart Attack Sunday

Succumbs at 71, Was Resident of Antioch for Fifty Years

Mrs. Cora E. Radke, 71, 1014 Victoria St., died Sunday at 8 p.m. at her home after suffering a heart attack.

Mrs. Radke was born June 5, 1878 at Waterford, Wisconsin, and for the past fifty years had made her home in Antioch. She was united in marriage with Harman A. Radke, Nov. 8, 1893. She was a member of the Antioch Methodist church and the Rebekah lodge.

Survivors are her husband, two daughters, Mrs. H. P. Carey, of Dallas, Texas and Mrs. R. P. Cavanagh of Kenosha, a son, Morris of Antioch, two grandchildren, and one sister, Mrs. Abbie Albright of Mukwonago, Wisconsin. A son, Harry M. preceded her death.

Funeral services were held at two p.m. Wednesday from the Strang funeral home with the Rev. Dr. Thomas M. Pender officiating. The Antioch Lakeside Rebekah's conducted the services at the grave. Mrs. M. M. Stillson, district president, acted as Noble Grand; Maud Johnson, vice president, acted as vice grand and Sophie Hennings, as chaplain. Interment was in Hillside cemetery.

## Antioch Golfer Finishes Seventh as Professional In Western Open Play

Freddie Hawkins, 25-year-old, former Antioch professional golfer, and son of Fred Hawkins, professional at the Chain O' Lakes club, finished seventh in the Western Open classic at St. Paul, Minn., last week. The accomplishment won him \$800 prize money.

The tournament was won by the nation's No. 1 golfer, Sam Snead, of West Virginia.

Youthful Hawkins, now a Texas resident, who hits a tremendous drive shot and chips and puts with the best of 'em, had four subpar rounds in the tourney, shooting 69, 69, 68 and 71, finishing 11 under par for the 72-hole test.

That kind of golf, in the opinion of some of the experts who played there, indicates that young Hawkins will cause plenty of trouble in future championship meets. He's definitely showing improvement with each start and, in the last month, has won more than \$2,500 in prize money along golf's golden rail.

Only Snead, Cary Middlecoff, Lloyd Mangrum, Chick Harbert, Jimmy Demaret and Skip Alexander finished ahead of the boyish Hawkins there, and the Antioch man enjoyed the distinction of outscoring such prominent headliners as Jim Ferrier, Tony Penna, Dutch Harrison, George Fazio, Buck White, Henry Ransom, Lawson Little, Dick Metz, Lew Worsham, Skeet Riegel, Johnny Palmer, Ed Oliver, Herman Keiser, Jimmy Thompson and John Revolta.

**Prevent Hospital Fires**

The insurance industry, through the National Board of Fire Underwriters, is leading the fight against hospital fire disasters. And it is doing it on a public service basis, without regard to commercial aspects of insurance.

The cooperation of fire marshals, fire chiefs, and other Federal, state and local officials, will be sought. Some 6,000 hospitals in the United States will be inspected by experienced fire prevention and safety engineers. The inspections will cover every kind of fire hazard, from structural features to "housekeeping". As an official of the American Hospital Association has said, "It is not enough to inspect for commonly-looked-for hazards, but also to study provisions for early discovery and early reporting of fire, physical arrangements to prevent the spread of fire, and also records of systems which indicate organization for and attention to provisions for fire drills and evacuation procedures."

No disaster has a greater potential horror than a hospital fire. That which struck in Effingham, Illinois, is still fresh in the public mind. Many patients were bedridden, and could do nothing to save themselves. And in spite of heroism on the part of hospital personnel and others, half of those in the building when the fire struck died.

The new campaign is designed to make a repetition of this ghastly disaster impossible. Those who are participating in it deserve the thanks of the nation.

**Look Through the Camouflage**

The Senate Appropriations Committee has knocked out a considerable number of items appearing in a bill giving funds to the Interior Department. These items concerned the construction of power plants and transmission lines by the government. The Committee's reason for dropping them was that in every instance they would constitute wasteful and unnecessary duplication of facilities which private utilities have already constructed or will construct. Witnesses who appeared before the Committee brought their facts with them, and showed how many

millions of dollars of the taxpayers' money could be saved.

Whether Congress will go along with the Senate Committee's recommendations remains to be seen. But there is no excuse for wasting huge sums on tax-exempt government power lines the country doesn't need. The utility industry has shown its willingness to cooperate with the government time after time. For example, in the Southwest, a group of power companies has offered to buy all the electricity generated at government dams, at rates to be set by the Federal Power Commission which will amortize the government's investment in 50 years, plus interest and operating costs. The power would be sold to consumers at rates held fair by the regulatory authorities. Large sums in taxes would be paid to all units of government. And the companies also agree to let the government, under contract, use their transmission system, thus making the construction of duplicating lines totally unnecessary.

In the words of one observer, "Those who really are in favor of government in the power business, for its own sake, may have to come out for socialized industry." It's time we saw through their camouflage. Those who want to lead us down the collectivist road that has led to the destruction of liberty in half the world ought to be identified.

**The Public Always Loses**

The San Francisco Chronicle has vigorously opposed a legislative proposal that would give the Interstate Commerce Commission sweeping authority to impose rules and regulations on the railroad industry, in the alleged interest of greater safety. Here, in part, is what the Chronicle said: "The railroads' record for safety has been built largely upon the development of a reservoir of dependable, resourceful, responsible men—men who know what to do in crises not covered by rules, men who understand the meaning, and the limitations, of rules . . . .

"It is hard to see how any set of rules, devised by men unfamiliar with railroading and imposed inflexibly across the whole varied pattern of American railroads, could prove a satisfactory substitute for the know-how of the experienced men on the scene. It is not so hard to see how such a set of rules and such an administration could do the railroads irreparable harm. Such a setup would inevitably lead to needless waste of money and manpower at many points; that in turn would lead to increased fares and freight rates . . . .

"The fact that this campaign to control the railroads comes under the guise of public benefaction should fool no one; so have all the other schemes to wrest control of business away from the people and into the hands of government. In every case the public has wound up the loser; so would it in this case."

The drive to increase the power of bureaucracy, at the expense of everyone who doesn't work for the government, seems endless. It is the kind of thing that, if carried far enough, can only result in the socialization of enterprise, and the loss of economic and personal freedoms. The tragic example that England is now giving the world should be sufficient to show America the dangers that lie ahead.

**MILBURN**

Clifford Johnson of the "Listen to Cliff" program over station WBEM was guest speaker at the church services for Millburn Home Sunday. The large audience appreciated his talk very much and we all hope to hear him again from this pulpit. He was accompanied by his wife and two older daughters, Sandra and Pam, who remained for the pot luck dinner and became acquainted with many of their radio listeners. Two hundred attended the church services, many coming a long distance to spend the day renewing acquaintances.

Rev. and Mrs. L. H. Messersmith are spending 2½ weeks at Tower Hill Camp, Sawyer, Mich., but will return each Saturday to conduct the regular church services on Sunday.

The regular benefit card party for the Masonic building fund will be held Saturday evening, Aug. 6, with prizes and refreshments.

The Forum is open to the public and it is at this session that the National President of the Auxiliary, Mrs. Hubert Goode of Portland, Ore., will make her convention address. She will also be guest of honor at the Unit dinner Saturday evening, Aug. 6, at which Mrs. Walter J. Hoffman will preside.

The following delegates will attend the Convention from Antioch Unit, Mrs. Lucy Himens, Mrs. Floyd Horton, Mrs. Frank Kennedy and Mrs. Agnes Hills.

Mrs. Lucy Himens, Antioch President will act as one of the clerks of election at the convention.

### COMMITTEE STUDIES CHURCH SCHOOL FACILITIES

A special committee composed of Frank Spangaard, chairman, Mr. M. C. Cain and Mrs. Louis Horton has been meeting in recent weeks studying the church school needs at The Methodist church. The local church is faced with the problem of a growing church school and the lack of adequate facilities. Mr. Bernard Guillaume, superintendent of the church school has rendered the committee valuable assistance. Mr. Guillaume submitted a detailed report to the Official Board at its June meeting.

A meeting of the Board of Trustees, the Finance Committee and the Church school committee is scheduled for the near future to take definite action on the matter.

### MRS. RHYMER HOSTESS AT SHOWER-PARTY

Mrs. Joseph Rhymer was hostess at a bridal shower at her home last Thursday evening for her niece, Miss June Banks, of Grayslake. Twenty-five relatives and friends were present. Miss Banks received many lovely gifts for her new home. The evening was spent playing bongo after which a dainty lunch was served. Miss Banks' fiancee, Donald Anderson, took several pictures of the party during the evening.

Miss Grace Tazewell, of Elgin, was a guest at the Rhymer home last week and attended the shower.

### VISITING MINISTER AT ANTIOCH CHURCH SUNDAY MORNING

Rev. Clinton Aiton will again be the guest minister at The Methodist Church in Antioch Sunday. He will deliver the sermon at both the 8 and 11 o'clock services. He will speak on the subject, "The Present Crisis." Mrs. E. W. Kufalk will be the special soloist at the 11 o'clock service. She will sing, "The Hills of God." Mrs. William Dow will be the organist. Mrs. Charles Davis will be the organist at the 8 o'clock service. A nursery for small children is maintained at each of the services.

### INDIAN POINT WOMAN'S CLUB ENJOY BUFFET LUNCHEON

Thirty-five members of the Indian Point Woman's club and their guests were entertained at a buffet luncheon at the Colony House, Wednesday, July 20. The afternoon was spent in playing cards and bongo. The group were entertained during the afternoon by Mrs. Jeanette Fledler and her accordion. Mrs. Eldie Galloway was presented with a cake from the group in celebration of her birthday anniversary. Before leaving for their homes, the girls sang their theme song "The More We Get Together."

### LAKELAND PLAYERS ENJOY OUTING

Seventeen members and friends of the Lakeland Players were the guests of Mr. and Mrs. Ralph Roberts at a weiner roast Friday evening, July 29, at their Channel Lake home. The Players, making good use of their dramatic talent, spent the balance of the evening, following the business session, playing charades.

Robert Lindblad, whose birthday was the following day, was the guest of honor.

Mr. and Mrs. John Range, of Chicago, were guests at the home of Mr. and Mrs. J. E. Horton Friday.

Mrs. Marie Bushing and daughter arrived home recently from a two months visit with relatives in Germany.

## Greatest Call For New Workers In Accountancy

NEW YORK.—The honeymoon in job placement is over, and the "boys are actually letting the employers interview them," says Robert F. Moore, director of placement, Columbia University.

Job placements, Moore reports, are a little better than the last normal year, 1939-40. The greatest demand seems to be in accountancy. Salaries range from \$225 to \$450 a month, depending upon the profession and the educational qualifications of the student.

Each year Moore conducts a career clinic at Columbia. For eight weeks college students hear leading industrial, management, personnel and professional figures get down to cases in advising which job to seek, what to study to prepare for a career, where to look for a job and how to get a job.

These clinics have proved so successful, says Moore, he has written a book, "How to Blueprint Your Success," which probably will be the basis of a credit course he plans to offer at Columbia. Only one other university in the country—Indiana—offers such a course for credit.

### Should Study Aims

Here's what Moore tells the boys in his career clinics: Ask yourself: "What am I? What do I want? Where do I fit?"

Most people fall in a job, he says, not for lack of skill, but for failure to possess such personal qualities as the ability to express oneself orally and in writing; ability to get along with people; patience in attaining job goals; perseverance; alert minds, not necessarily Phi Beta Kappa, but more than merely willing to bet by; proper attitudes and mobility.

The interview is the first important step in getting a job. It's a 50-50 proposition. The employer finds what you have to sell that he can use. The interviewee discovers whether the company offers opportunities to satisfy his aims, interests and qualifications.

### Certain Qualities

The employer wants to know about such personal qualities as appearance, manners, grooming, ethical make-up and how well you meet and impress people.

You want to know if the job gives you an opportunity to make the best use of your qualifications; whether it is a worthwhile investment in terms of selling your services, loyalty and the best hours of your life. What are the drawbacks and disadvantages of this job?

Moore offers some practical tips on how to get ready for an interview. He tells the boys to learn something about the job and the company. This calls for self-analysis of your objectives, aims and interests.

### Illusions Shown as Normal, Ofttimes Are Lots of Fun

PHILADELPHIA, PA.—If you think you're seeing things, you're normal. If you don't, you're not. That is the state of affairs at Franklin Institute here.

The institute put on the largest collection of illusions on earth to prove that illusions are normal, and fun.

There was an uphill goldfish bowl, a room that tilted the rest of the world crazily, a stationary automobile that moved and roses that were there, only weren't. Or you could watch a talking head—with no body to support it—or a motionless flag appearing to wave.

Psychologists estimate that 20 per cent of the population is illusion blind and can't recognize them. If one sees an illusion it proves normalcy.

It's time to worry when one doesn't see them.

The illusions at the institute were baffling, until they were explained.

It was puzzling to pass your hand through a pot of roses and never touch a rose. They weren't in the pot. They were behind it. It was ridiculously easy to understand, once it was explained. Mirrors.

The same explanation disclosed the secret of the talking head, the trick seen at nearly every sideshow. The body belonging to the head was cleverly concealed in a glass case.

### Elderly Ladies Hitch-Hike Distance of 1,616 Miles

M O B I L E, ALA.—A Canadian mother and grandmother, both in their 50's, completed a 1,616-mile trip that cost them only \$11.75.

The sisters made the entire trip from Ottawa to Mobile by thumbing it, thereby fulfilling a lifelong ambition to take a hitchhiking trip.

The two, Mrs. Hattie E. Thompson, 54, and Mrs. Pearl Empey, 52, live in Ottawa. They came to nearby Theodore to visit a brother, W. W. Mackie, whom they hadn't seen in 47 years. Mrs. Thompson has five grandchildren.

"Everyone was very nice to us," they said, "and nothing eventual happened."

Altogether they caught 43 rides, one of them on a truck in Pennsylvania. The longest ride was 346 miles from Rogersville, Tenn., to Birmingham.

They covered the entire distance in five days.

Entrance to 60'x90' "big top" exhibit of Public Service Company of Northern Illinois at Lake county fair, one of feature attractions at this year's event. Theme of show is "better methods" on the farm and in the farm home through use of electricity.

### Veterans Entitled to Medical Treatment at Government Expense

Many Illinois veterans being treated regularly by their own physicians for service-connected ailments at their own expense are unaware that they are entitled to such treatments at government expense. This benefit applies to only those veterans who have filed a claim and have been granted service-connection for a disability even though they did not receive a compensable rating for compensation.

A large number of veterans have been granted a "zero" rating making them ineligible to receive compensation but entitling them to outpatient treatment at government expense.

Veterans who have no compensable rating but have established service-connection and who desire medical treatment at other than their own expense should make application at once and thus save unnecessary expenses to themselves.

Service officers of the Illinois Veterans commission will assist any veteran in establishing eligibility for out-patient treatment. In some instances those who have been treating for some time may even be able to obtain a reimbursement for expenses already incurred.

Veterans in Lake county can obtain ready assistance at the commission office at American Legion Home in Waukegan.

### Prospects for Good Corn Crop in Lake County; Rain Delays Harvest of Grains

Lake county's corn crop has prospects of being the largest this year in many years. Much of the corn is well into the silk stage with the ear forming.

While there was much sweet corn, much of it is worthless because of the corn borer. How the corn borer will affect the field corn remains to be seen.

Threshing is still in progress and much small grain remains to be harvested. Rain delayed combining and threshing. Owing to the fact that farmers of Lake county raise their grain mainly for their own feed, a large percentage of them still use the threshing machine.

Some farmers who threshed their wheat last week discovered that it was too moist and couldn't find a buyer.

### Sylvester Says:

"Don't be fooled. Things are not as bad as they look."

More homes per hour are being built here than anywhere else on earth. We have more telephones, bathtubs, radios, electrical power, automobiles and square footage of housing per person than any country on earth.

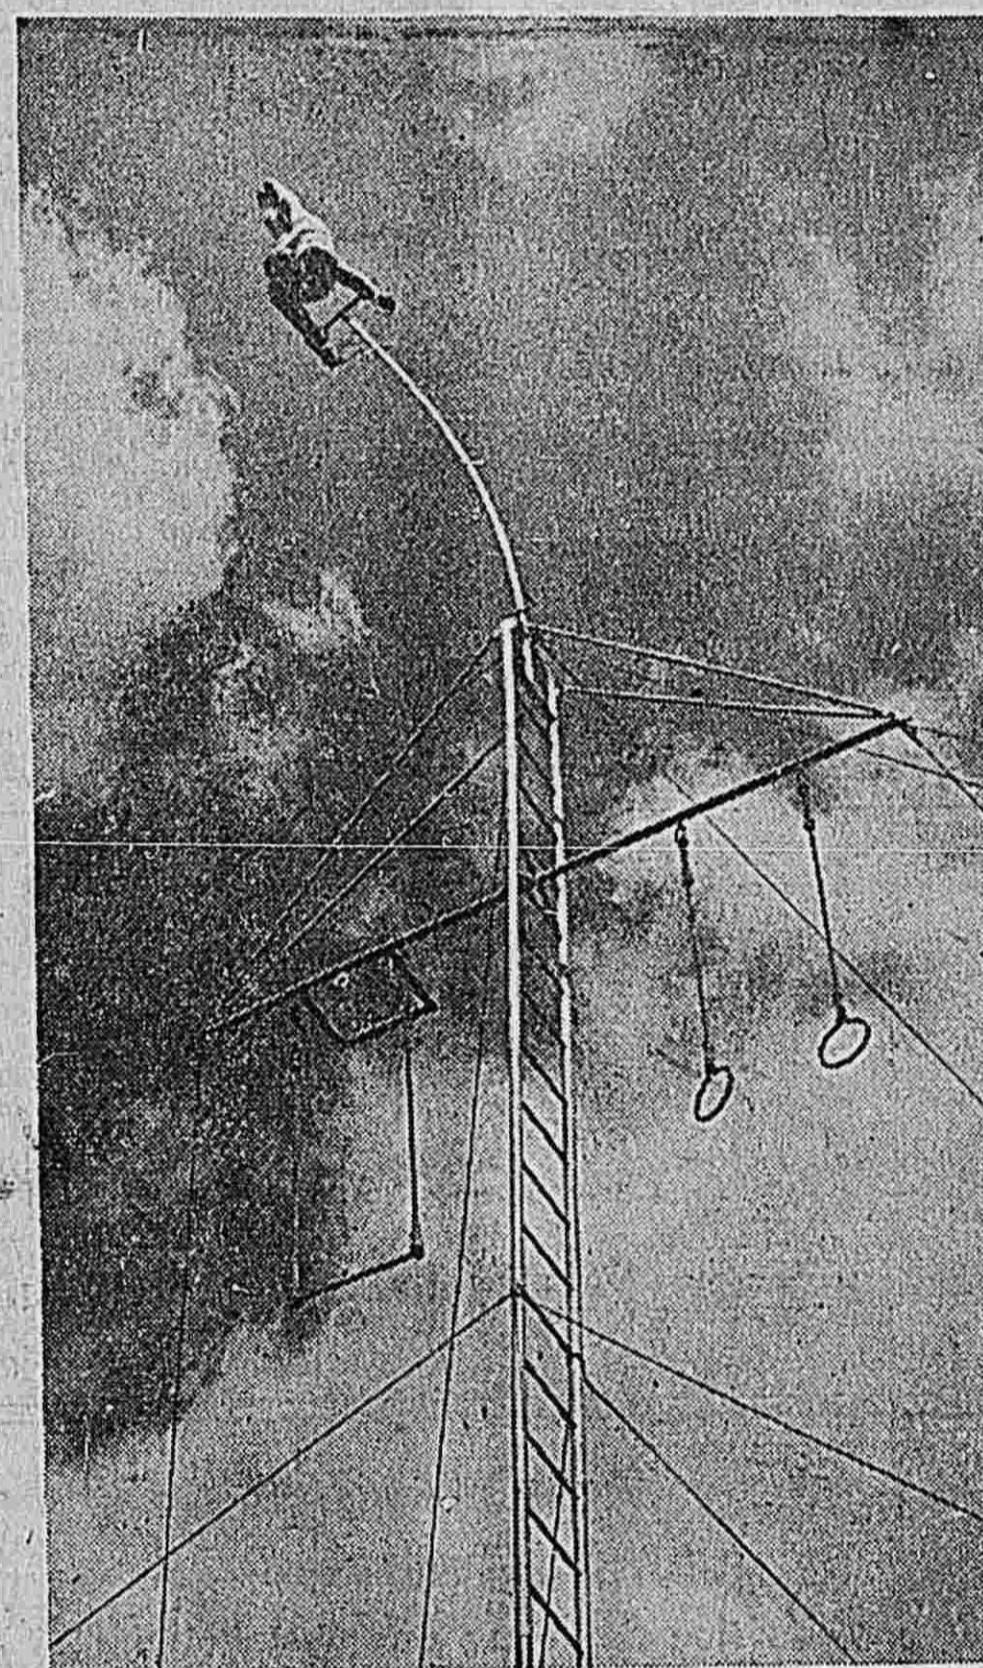

You can build a home here without a government permit—in England you cannot.

Here tens of thousands of homes are being built for investment and rent—in France they dare not.

Socialized housing in Europe has meant less housing. Government controls on industry have always been followed by less production; less comfort and convenience for the masses.

### PERFORMS AT COUNTY FAIR

This youthful and agile performer presents one of America's foremost high acts. He will appear Thursday evening and Friday, Saturday and Sunday afternoon and evening. Suspended in mid-air from a rigging that is distinctly novel, and with beautiful lighting effects, he presents a unique as well as daring act offering, combining rings, traps, and sway pole. There is no safety device to offer protection. His youth, speed and showmanship plus fine wardrobe and beautiful rigging make this act an outstanding one. The show-going public has given this act their all out endorsement.

the Avon Zenor family.

Mr. and Mrs. Hans Nelson, of East Shore Gardens held open house at their home last Sunday afternoon in honor of their golden wedding anniversary and guests began coming before noon and continued well into the evening to extend their good wishes. They were married on July 29 at Superior, Wis., and for some time have lived at East Shore Gardens. They have a son, Ted, who with his family of Chicago, was present and their daughter, Mrs. Steve Doyle, also of Chicago, with her husband and daughter, Geraldine, helped with the celebration. Mrs. Justine Peterson, of St. Paul, the only attendant at their wedding who is living now, was one of the guests. Mrs. Nelson's sister, from Centralia, Wash., called her during the afternoon and many friends who could not be present sent telegrams of congratulations from Anchorage, Alaska, Superior, Wis., Ely and St. Paul, Minn. They received many beautiful gifts as remembrances of the occasion. A mock wedding was a feature of the afternoon and movies were taken of the couple, their friends and the two beautiful wedding cakes. A buffet luncheon was served throughout the day which was ideal as to weather and it was a very happy occasion for the family.

The Royal Neighbor Officers' club of Cedar Lake Camp will sponsor a public card party at the Village hall on Wednesday afternoon, Aug. 10, beginning with desserts luncheon at 1 o'clock, followed by games of pinocchio, 500, bridge and bunco. There will also be a white elephant sale and home bakery sale in connection, and a quilt to be disposed of. The date is Wednesday, Aug. 10, at 1 o'clock.

Mr. and Mrs. Gust Hessler, of Fond du Lac, Wis., with their son, and three daughters, spent Saturday and Sunday with Mrs. Hessler's sister, Mrs. Henry Nader and husband.

Chris Anderson has been appointed as village marshal. Many out of town people have taken advantage of the park and he is authorized to see that laws are kept.

## Uncle Sam Says

The first oil well was drilled in 1859, ninety years ago. Drilling is still going on even under the ocean. Occasionally one of those wells bursts into flame and "up in smoke" go much of the profits. Much the same thing happens when many of my nephews and nieces allow their money to burn holes in their pockets. Your government offers a safe, sure way of holding on to some of that pay check. That is through the Payroll Savings Plan for the purchase of U. S. Savings Bonds.

**This Week's Bible Verse—**

The days of our years are three-score years and ten; and if by reason of strength they be four-score years . . . so teach us to number our days, that we may apply our hearts unto wisdom.—

Psalm 90:10-12.

**Time Flies**

Let's break down this scriptural allotment of life quoted above—three score years and ten—into a few startling figures:

Seventy years x 365 means that this allotted length of life is 25,550 days—with perhaps a few more added to allow for leap years.

About 25,000 days to do all there is to do, all we want to do, all we ought to do.

When we were young, it may look like a long time. But remember that we have already used 365 days for every year we have lived.

If we're "sweet sixteen," we have used about 5,840 days since we were born.

If we're twenty, we have used 7,300 days.

If we're thirty, we have used 10,850 days.

If we're forty, we have used 14,600 days!

What have we used them for? And here is an important question: What are we going to do with the rest of them?

## Cement Sacks

The paper or cloth sacks in which portland cement is shipped are securely sealed before being filled with cement. They are filled through a small opening in the bottom of the sack which is closed by the weight of the cement inside when the sack has received 94 pounds of cement and is turned right side up.

## Braddock

Twelve miles from what is now Pittsburgh, General Edward Braddock and his troops were massacred in 1755, during the French and Indian War. In 1794, the Whiskey Rebellion took place in "Braddock's Field." The town was incorporated in 1867, eight years before the completion of the steel works for which it is now noted.

## Immigration

Immigration to America reached its peak in 1900-1910 when nearly nine million aliens—more than twice the total United States population in 1790—entered the country.

## Flooded Basements

Two devices are available which will provide dependable and automatic protection against the annoyance and expense of flooded basements due to heavy rains. These are the sump pump and the back water valve. Both units are inexpensive compared with the damage and inconvenience resulting from flooded basements.

## Better Hatch

Recent investigations indicate that soiled hatching eggs have previously been washed in proper detergent solutions, and held under proper conditions, hatched as well as clean unwashed eggs. Normally, soiled eggs hatch very poorly, so this method of cleaning provides a method of increasing hatchability.

## Care of Eyes

People in middle life and beyond should not add to their visual activities as they cut down on other activities. The eyes, like the heart and the rest of the body, require greater care with advancing years.

## Sugar Bowl Capitol

Louisiana's state capitol building, completed in 1932, is a towering affair of 34 stories, 450 feet high—the tallest of state capitols and one of the tallest buildings in the South.

## Leather Soles
